

Pathways Financial Credit Union Proud to Serve Springfield

Pathways Financial Credit Union, one of Central Ohio's fastest-growing credit unions, has recently renovated and opened a new branch at 1850 S. Limestone Street in Springfield.

Formally a PNC Bank location, the upgraded branch features essential services like a fully remodeled service lobby for in-person appointments and transactions, multiple drive through lanes, night drop, walk-up ATM, and coin machine.

"We are excited to share our commitment to the Springfield area with this branch acquisition and renovation and are proud to offer ourselves as a true financial partner for the Springfield community," shared Michael Shafer, CEO of Pathways.

What makes the branch stand out is the community-centric additions that includes a coffee bar with a state-of-the-art interior that includes a restored walk-in vintage safe and mural of important Springfield area landmarks. The branch features a community room with a full-service kitchenette that is available for meetings and conferences.

"We look forward to offering the use of our community room to local civic groups and organizations looking

for a contemporary meeting space” said Greg Kidwell, President of Pathways.

The new branch is open for service Monday through Friday from 8:30 AM to 5:00 PM.
